## SUMMARY

Information Systems graduate with hands-on experience in backend development and web- based system. Passionate about building scalable application and ensuring system efficiency through clean code and modern technology stacks. Strong in team collaboration and eager to learn new things and develop skills to support better technological advancements.

## WORK EXPERIENCE

06/2024 – Present	<b>Software Engineer   Placement KB Bank,</b> <i>Mitramas Infosys Global</i>	Jakarta
	<ul style="list-style-type: none"><li>• Developed and maintained the Bank Statement Analyzer (BSA) Tools using VBA to ensure accuracy and functionality.</li><li>• Built web-based applications using java to support banking operations.</li><li>• Collaborated with the QA team on System Integration Testing (SIT) to Next Generation Banking System (NGBS) migration.</li></ul>	
06/2023 – 08/2023	<b>Backend Developer Intern, NUSANTECH</b>	Padang
	<ul style="list-style-type: none"><li>• Developed backend features using Express.js for a web application.</li><li>• Optimized database queries to improve backend performance.</li><li>• Conducted debugging and troubleshooting to enhance user experience.</li><li>• Collaborated with development teams to deliver effective technical solutions.</li></ul>	
09/2021 – 02/2022	<b>Development Engineer Intern,</b> <i>PT FIRST WAP INTERNATIONAL</i>	Jakarta
	<ul style="list-style-type: none"><li>• Developed unit test for the Short Message Service Center using the CMOCKA Framework to ensure code reliability</li><li>• Conducted analysis of memory leaks, code coverage, and unit testing reports using SonarQube to enhance software quality.</li></ul>	

## EDUCATION

2022 – 2024	<b>Universitas Metamedia,</b> <i>Bachelor of Information Systems (GPA 3.9/4.0)</i>	Padang
2019 – 2022	<b>Politeknik Negeri Padang,</b> <i>Associate Degree Computer Engineering (GPA 3.8/4.0)</i>	Padang
2016 – 2019	<b>SMK Negeri 1 Batusangkar,</b> <i>Computer Network Engineering</i>	

## SKILLS

---

### Programming Languages

PHP, Java, JavaScript, SQL (MySQL, PostgreSQL, SQLite)

### Frameworks & Libraries

Laravel, Vue.js, React.js, Bootstrap, Tailwind CSS, Filament

### Frontend Development

HTML, CSS, Responsive Design

### Tools & Platforms

Postman, Swagger, Git, Linux (Ubuntu)

## PROJECT

---

### BSA Tools Application Project

- Developed an application to inspect and analyze financial transactions from bank statements.
- Maintained the application by fixing errors and adding new bank statement formats as needed.
- Technologies used: VBA, R, dan Microsoft Excel.

### TBM Swamitra Data Master Application Project

- Developed an application to streamline the migration process of Data Master SWAMITRA from the current system (as-is) to the new system (to-be).
- Technologies used: Java Spring MVC, Apache Tomcat, Bootstrap, and SQL Server.

### Final Project: Academic Website Based on Laravel 10 [🔗](#)

- Developed a Laravel 10-based academic website to promote a pesantren and manage student data. Feature include an admin dashboard, visitor dashboard, PPDB (student enrollment) system, and progress monitoring for parents and class supervisor
- Technologies used: PHP (Laravel 10), MySQL, Laravel Breeze

### M2jannah - Umrah and Hajj Tour & Travel Application [🔗](#)

- Developed M2jannah, a Laravel-based application that allows users to book Umrah and Hajj travel packages. Features include booking management, online payment integration, and travel inventory management (Hotel, flight tickets, visa, and transportation).
- Technologies used: PHP(Laravel 10), MySQL, Laravel Breeze

### Study Program Selection Optimization - Universitas Metamedia [🔗](#)

- Developed a web-based Decision Support System (DSS) to help prospective students choose the most suitable study program at Universitas Metamedia. The system applies AHP (Analytical Hierarchy Process) and TOPSIS (Technique for Order of Preference by Similarity to Ideal Solution) methods to provide recommendations based on predefined criteria.
- Technologies used: PHP (Laravel 10), MySQL, Bootstrap, AHP, TOPSIS
